

# Christian Weber

## Board of Directors

### Representing PG&E

Christian Weber has worked as Senior Product Manager (HVAC) at **Pacific Gas and Electric Company (PG&E)** since 2016.

Christian has represented PG&E on the WHPA since 2016 and served on many WHPA Committees and Working Groups – Executive Committee, Council of Advisors, CQM Committee, CQM 180 User Guide Working Group, FDD Committee, and HVAC Stakeholder Engagement Strategy Committee. He is currently serving a two-year term on the WHPA Board of Directors.

Product managers at PG&E are responsible for managing EE measures throughout the product lifecycle and work with a diverse range of industry stakeholders in support of their success. In his Senior Product Manager position at PG&E, Christian identifies and evaluates existing and emerging energy-related HVAC technologies for adoption into energy efficiency programs. His responsibilities include:

- Developing the business cases to identify the technical and commercial levers that drive adoption decisions
- Testing product or service offerings in the market
- Supporting the marketing and sales efforts as well as the associated regulatory activities

Prior to joining PG&E, Christian was Engineering Manager at EDesignC, Inc.; Owner of Energywise Works, Inc.; Product Manager at Tyco Electronics; Research Scientist at Raychem Corporation; and Research Engineer at University of California, Santa Barbara.

Christian received his B.A. in Mechanical Engineering from Trinity College, Dublin; his MBA in Business Administration and Management from U.C. Berkeley-Walter A. Haas School of Business; and his Ph.D. in Mechanical Engineering from Trinity College, Dublin.

In addition, he has obtained the following certifications:

- Electrical Contractor's License (C10)
- General Contractor's License (B)
- Mechanical Contractor's License (C20 & C38)
