

# **Mark Salavitch**

## **Board of Directors**

### **Representing PG&E**

Mark Salavitch has worked as Senior Program Manager at **Pacific Gas and Electric Company (PG&E)** for seven years.

Mark has represented PG&E in the WHPA since 2017 participating in the Executive Committee and the HVAC Stakeholder Engagement Strategy (HSES) Committee. He is currently serving a two-year term on the WHPA Board of Directors.

As a Senior Program Manager, he is responsible for \$6M annual budget of EE incentive programs and manages over 170 distributors and vendors as part of PG&E's Channel Engagement Group.

Prior to joining PG&E, Mark served as Associate Director of Institutional Giving at The Nature Conservancy; as Water Conservation Surveyor at Contra Costa Water District; as Commercial Account Manager/Water Treatment Consultant at Chem Aqua; as Director of Business Development at Deterministic Systems; and as Senior Account Manager at Nortel Networks.

Mr. Salavitch received his Bachelor of Science in Business Administration and Education from Southern Illinois University; and he received his Master's in Public Administration from University of San Francisco.

He is currently attending USF's MPA Professional Studies Program which prepares professionals to initiate and facilitate interactions among government, for-profit, and nonprofit sectors to provide ethical and workable solutions to societal needs.
